

# Stewards Commission - April 23, 2017

Members: Jeff Deyarmin, Lionel Berkebile, Brian Weaver, Jim Hoffman, Chuck Kelley, Denny Hoffman

The new outside bulletin board has been installed. Thanks to Lionel for preparing the pad, and to Jim and Denny Hoffman for helping to unload and place the new sign. Total cost \$4620.86.

Conemaugh Electronics did some work on the sound system. Including amps , rack, control calibrations and clutter removal. He moved some sound equipment to back room. This was for safety concerns and also heat build-up. Total cost \$3310.64.

The new heating system in the Church basement has been replaced. We changed from radiant floor to baseboard and wall units. Mark Ott completed the job well under the bid of \$57,000. The total was \$38,260.51. Cosmetic work still needs done to repair walls and ceilings that were opened up.

The Berkey Cemetery board has reorganized. Nathan Hoffman and Paul Crum joined Lester Brehm to complete our requirement for three representatives from our Church.

A new CD player has been purchased and installed by Conemaugh Electronics. Cost \$223.41.

Greg Kaltenbaugh of Kaltenbaugh Construction will start work soon on repairs and upgrades being made in the Fellowship Hall, kitchen and classrooms. Some of the repairs are a result of the new heating system and others are needed improvements. New flooring and ceiling in kitchen and aide room. Ceiling and wall repair. Cover exposed piping. Etc. Total of estimate \$17,512.00.

Work continues on water proofing the Fellowship Hall. Cambria Glass and Insulation sprayed foam insulation at a cost of \$632.00.

I want to thank all the Stewards and others who have helped in these or the many other projects small and large at the Church or Parsonage.

Respectfully submitted, Jeff Deyarmin Stewards Chair
